ROYAL
BAKING
POWDER
Absolutely Pure.

This powder never varies. A marvel of purity, strength and wholesomeness. More economical than the ordinary kind, and cannot be sold in competition with the multitude of low cost, short-weight, adulterated goods, sold only in cans. ROYAL BAKING POWDER CO., 214 Wall Street New York.

Mat. McCabe, of New Brunswick, Ill., offers to pay five dollars to any person troubled with bloody flux, who will take Chamberlain's Colic, Cholera and Diarrhoea Remedy according to directions and does not get well in the shortest possible time. One half of a 25 cent bottle of this remedy cured him of bloody flux, after he tried other medicines and the prescriptions of physicians without benefit. Mr. McCabe is perfectly safe in making this offer, as more than a thousand bottles of this remedy are sold each day and it has never been known to fail in any case of colic, cholera morbus, dysentery, diarrhoea or bloody flux, when the plain printed directions were followed. For sale by G. C. Thaxter.

FOR SALE: Eight head of cows and heifers of fine breed, also one Jersey cow with calf. Apply at this office or to J. T. Savage, V. & T. R. R. j 22 1w

How Can Parents allow their children to cough and strain and cough and calmly say: "Oh! it's only a little cold," and keep giving them cheap and dangerous medicines, until they are down with lung fever or consumption, when they can be so easily relieved by BEGG'S CHERRY COUGH SYRUP? It has no superior and few equals. W. H. Chedie, Druggist.

Advice to Mothers. Mrs. Winslow's Soothing Syrup should always be used for children teething. It soothes the child, softens the gums, allays the pain, cures wind colic, and is the best remedy for diarrhoea. Twenty five cents a bottle.

The platform of the Republicans of Pennsylvania commits the party fully and unqualifiedly to the support of high license. The party having kept faith in submitting the question of prohibition to the people, it accepts the result as a finality and heartily endorses the existing license law, from the operation of which there have been the most satisfactory results.

SHARP ESCAPES.

Indians on the Trail of the Escaped Convict.

The following is taken from the APPEAL extra of yesterday:

Between the hours of 5:30 and 6 o'clock, Thursday evening Milton Sharp, an inmate of the Nevada State Prison, who was sent from Esmeralda county for 20 years for stage robbery, October 12, 1880, escaped from the confines of the prison.

Sharp was a trusty, doing garden work, and was seen in the garden about 5:30 o'clock. It is customary to shut everything up at 6 o'clock, and it was at this hour that he was first missed. As soon as possible, means were taken to recapture him, and Warden McCullough came to the city and requested the Governor to offer a reward of \$250, which was done. Early this morning Indians were put on his trail, and it was discovered that he had headed towards McTarnihans bridge in the direction of Clear Creek. It is thought that he will be retaken before he gets far.

Sharp's character in the Prison has been exemplary, and he had 18 months to his credit when he escaped. Had he remained and behaved himself as well in the future he would have had only 8 years and 8 months more to serve.

He has been before the Board of Pardon twice, but his applications were denied.

No blame is attached to the Prison authorities, and had not darkness prevented he would have been tracked and probably recaptured Thursday night.

Sharp broke from the Aurora jail the night of the Presidential election and carried an "Oregon boat" nine miles, when he hammered it off with a boulder, the continuous blows of which crystallized the iron rivet and loosened the "boot" from his leg. He then went to Candelaria where he was through hunger, forced to get too close to the officers and was captured. He is a man of endurance and grit, and unless his health has been injured by the nine years of imprisonment, he will get over a long distance in a very short time.

Sharp is a very desperate man, and it would surprise no one if he is not taken alive. A photograph of the escaped man will be pasted on each reward notice.

Mary Hogwood, a "notorious woman," has made affidavit that Maybrick was an arsenic-eater. She was intimate with him the dispatch says. This would not have helped Mrs. Maybrick even had the testimony been presented in Court. In English law, we believe, the testimony of a certain class of women is considered worthless. Here it is taken for what it is worth. There it is under the ban.—S. F. Post.

Harry Lewers and brother, Peters Gordon and Doyle, George Cowing and one or two others, who went on a camping trip to Yosemite Valley and the big trees, have returned to Carson. They report bad roads, break downs, exorbitant charges; and say that the toll gates are in such close proximity to each other that if they are not all opened the same way they bump together.

What on Earth

Is the reason people will not, cannot, or do not see any difference in cheap nos trumps put up by Cheap John houses or irresponsible parties at enormous profits, rather than take a medicine of world wide reputation and one that is giving universal satisfaction at equal price? No medicine in the world is giving such unparalleled satisfaction for purifying the blood as BEGG'S BLOOD PURIFIER & BLOOD MAKER, and every bottle that does not do its work, will cost you nothing. W. H. Chedie, Druggist.
